## EXPERIENCE

Paithacs Software Solutions Pvt. Ltd. January 2026 - April 2026

### Full stack Developer Intern

- Full Stack Developer Intern at Paithacs Software Solutions Pvt. Ltd.
- Worked on real-world web applications using modern frontend and backend technologies, contributing to both UI development and server-side functionality.
- Collaborated on project development, debugging, API integration, and database handling while improving practical knowledge of full stack workflows and deployment.
- Gained hands-on experience with responsive design, version control (Git/GitHub), and team-based software development practices.

AICTE Oasis Infobyte 15 Dec, 2024 - 20 Jan, 2025

### Developer Intern

- Frontend Developer Intern at AICTE Virtual Internship | Oasis Infobyte
- Completed a Frontend Development Internship at Oasis Infobyte, building responsive projects using HTML, CSS, and JavaScript.
- Gained Some on Experience While Contributing to Projects .

---

## PROJECTS

Fake News Detection System

- Developed a machine learning-based web application to classify news articles as real or fake in real time. Built a responsive frontend using HTML, CSS, and JavaScript, with secure authentication and backend integration using Python & Django. Worked on UI development, DOM manipulation, deployment, and frontend-backend communication while improving practical skills in ML integration and web hosting.
